

Privacy Policy

This Privacy Policy explains the types of personal information collected by our application (hereinafter referred to as "the App"), the methods of collection, the purposes of use, storage, sharing, and protection of the information.

By using the App, you agree to the terms of this Privacy Policy.

1. Information We Collect

The App collects the following information:

Email Address for Notifications: The email address set by the user

Location Information: The current location of the user obtained using GPS

2. Methods of Information Collection

Email Address for Notifications: The user manually inputs this within the App.

Location Information: The App periodically obtains this using GPS in the background.

3. Purpose of Information Use

The collected information is used for the following purposes:

Obtaining and Comparing Location Information:

To compare the user's current location with pre-set area information and determine if the user is inside or outside the area.

Sending Notifications:

To send notifications to the specified email address if the user is determined to be inside or outside the area.

4. Information Storage

Email Address for Notifications: Stored only within the user's device and not transmitted to external servers.

Location Information: Used solely for the purpose of sending notifications and not stored long-term.

5. Information Sharing

The App does not share collected personal information with third parties, except as required by law.

6. Information Protection

The App implements appropriate technical and organizational measures to protect users' personal information.

Users' information is protected from unauthorized access, loss, destruction, alteration, and leakage.

7. Changes to the Privacy Policy

This Privacy Policy may be updated from time to time.

If the App changes the Privacy Policy, the updated content will be notified and published within the App.

The revised Privacy Policy will become effective on the notification or publication date.

8. Use of Third-Party Services

The App uses the following third-party services:

Google Firebase Cloud Functions: Used to send notification emails based on location information.

For Google Firebase's Privacy Policy, please refer <<https://firebase.google.com/terms>>.

9. Contact Us

If you have any questions or concerns regarding the privacy policy, please contact us via our support email address.

Please include the string "WatchAcroos" in the subject line of your inquiry email.
